JOURNEY MADE

MASTER ARTISANS
of the 520 Year Old
 Handmade Tradition

- Ships in 10 weeks
- 144 New Zealand wool color poms
- Dye to match free of charge
- Select any shape or size up to 10'x12'
- Carving for color separation available upon request.

Think Outside The Box

Delos applauds creativity. When design changes need to be made, or a complete custom design needs to be executed, the price point will change, and a Delos Design Concierge will be available for collaboration.

Square foot pricing changes when:

- a hospitality project requires a larger quantity with specific timing.
- a quicker or slower (budget-friendly) ship date is necessary.
- dyed silk or EcoSilk™ 100% regenerated nylon is specified.
- an American Made textural overlay is added (see page 3).
- a Journey Made hand-knotted or a micro loop construction is specified.
- a size is specified larger than the suggested dimensions noted above or smaller than 6'x9'.
- a rug pad cut to size/shape is requested. Pads are warranted for heated floors.
- specific UV stability is required for American Made New Zealand wool during the dyeing process.

Tufted Construction Options

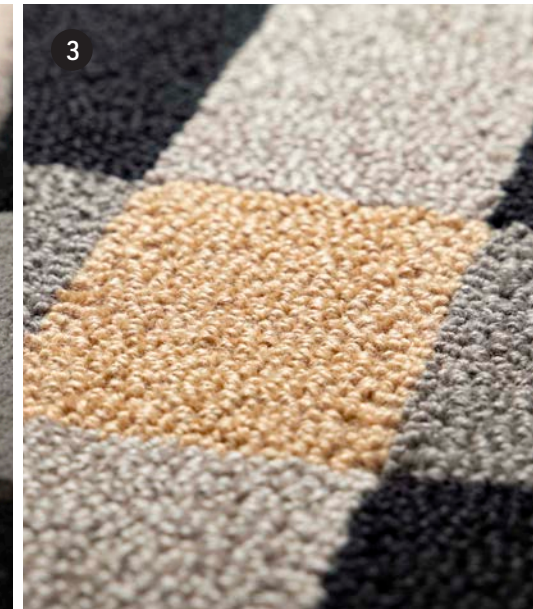

Available in both American Made and Journey Made.
 All Delos tufted constructions under 1/4" meet ADA (American Disability Act) requirements.
 Higher piles must have a 45 degree beveled edge.

Combination of cut and loop in New Zealand wool for added dimension

Cut pile with carving in New Zealand wool, which is soft underfoot

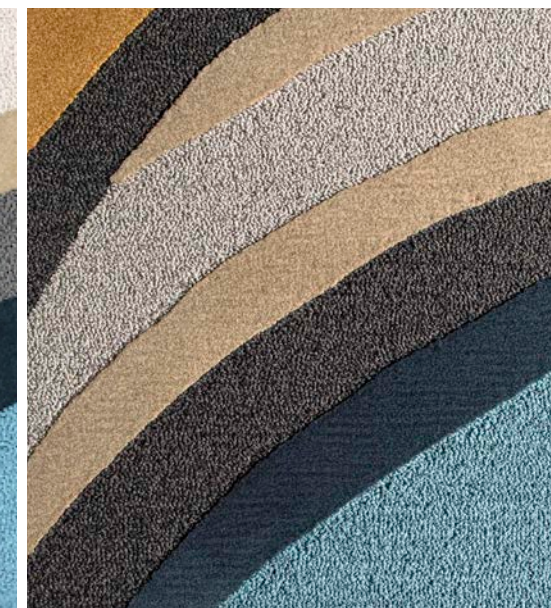

All-over loop with tip shear in New Zealand wool for higher traffic areas

American Made Terminology

ECONYL® 100% regenerated nylon.

Combination of cut and loop ECONYL® nylon for added dimension (included)

Cut and loop ECONYL® nylon with softened blended colors (included)

Cut and loop ECONYL® nylon with textural overlay (upcharge)

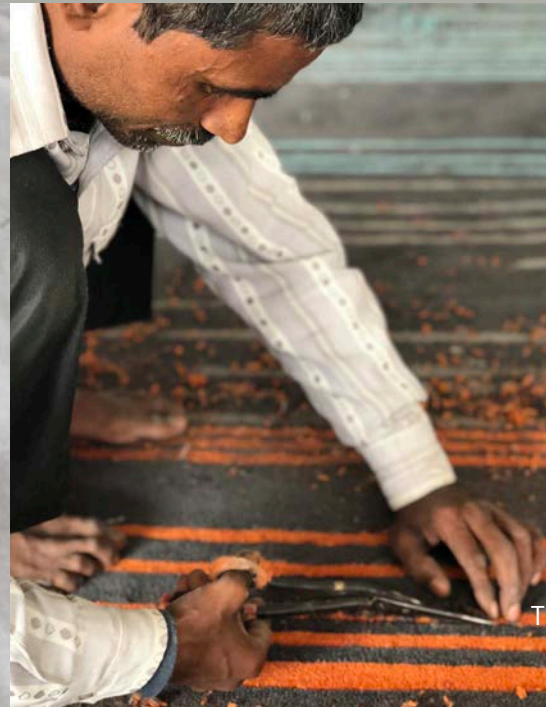

American Made Rugs

Every Delos American Made rug is crafted with artistry and passion using healthy and earth friendly materials. Cutting-edge innovation provides precision and is married with hand finishing by local Delos craftspeople who take pride in the artistry of exquisite rugs. We are proud to be an American manufacturer.

Journey Made Rugs

Delos hand weaves exquisite Journey Made knotted, flat-woven, and tufted rugs in an ISO 9000 certified facility, which is well-managed to prevent child labor. Delos weavers exhibit an authentic sense of honor in their handiwork, often passing their craft down through generations.

FOR AMERICAN MADE RUGS

Dyeable Regenerated EcoSilk™ Available

METALLICS

FOR AMERICAN MADE & JOURNEY MADE RUGS

Dyeable Silk Available

ECONYL® NYLON 144 Rich Colors

GOOD for the PLANET

Solution dyed nylon is a beautiful fiber offering vibrant, saturated color. Nylon is known for its ability to perform for the price, and Delos' ECONYL® nylon is stain, bleach, and wear resistant. ECONYL® nylon is the only 100% regenerated nylon carpet fiber made. It is made from discarded fishing nets, spent carpets, and other nylon waste. ECONYL® nylon is endlessly regenerable.

NZ WOOL 144 Beautiful Colors

GOOD for the PLANET

Delos tufts with New Zealand wool because it dyes brilliantly, and its lengthier staple results in less shedding. Delos adheres to the guidelines of the New Zealand Animal Welfare Act of 1999 and is respectful to sheep in the shearing process. Wool is hypoallergenic, inherently flame retardant, and filters harmful VOCs such as formaldehyde. Wool effectively manages moisture and humidity, thereby providing a healthier living environment.

BLOG POST - TRENDS & PRODUCTS

by Leah Phillips

SPEED+SELECTION

“Surround yourself with creativity, listen graciously, simplify clutter, and deliver on promises.” – Leah Phillips

Delos is a proud U.S. tufter and importer of custom area rugs. We have focused on the hospitality, residential, private label, and private aircraft market segments for the past 20 years. The quote above has become my mantra, and since Delos is a privately owned company, it has also become the daily objective at Delos.

It is often said that arriving on time is the ultimate sign of respect. At Delos, we strive to beat delivery promises and communicate accordingly. In the current business climate, many importers of decorative furnishings are experiencing delayed deliveries and exorbitant freight costs. However, we receive positive feedback regularly about our delivery process and always appreciate the nice compliments.

That said, we are listening. We hear customers' cries for EVEN speedier delivery, as well as an updated design offering. There is a demand for more designs like our top sellers, along with more on-trend options. In response, we are proud to launch the Delos Design Book. It offers a myriad of designs available with a choice of 144 New Zealand wool or 144 ECONYL® nylon colors. ECONYL® nylon is 100% regenerated and made from discarded fishing nets and spent carpets. These American Made and Journey Made rugs deliver FAST.

With this launch, our goal is to provide a well-rounded design offering that can be sold as is, serve as inspiration for a custom project, or to help pinpoint a client's style preference. Those who work with us on an ongoing basis know we love to say “yes.” So, mixing yarns, creating rugs in unique shapes, dyeing to match, and design customization is always welcomed.

We sincerely hope that you enjoy the new Design Book, Delos' “go” at inspiration, simplification, and speed, and we thank each of you who have provided us feedback over the years. You are a big part of our successful past as well as the Delos future. Without you, Delos could not continue this beautiful journey.

*Non-standard shapes are available.
Call for a quote.*
