Together. Connected.

Fall/Winter 2023 Lookbook

VZ-1046-02 Nissa Decorative Vessel 14In Black / EW-1006-24 Cara Sideboard Natural

“When designing our collections, we consider how materials, styles, textures and forms create living spaces that support meaningful ways to gather and bond. We ask ourselves, what does it mean to come together?”

Dining chairs to let us linger longer, occasional seating for when we open our homes, sofas to be loved and lived in and dining tables that are much more than the meal – we’re designing to invite conversation, bring comfort and create connection. We’re designing for the moments and the memories.”

- Maura Dineen, Creative Director

Our newest offerings always speak to the now with a clear eye toward the upcoming. Curved forms continue to strike a chord with vintage finishes and expressive marbles creating complementary yet contrasting moments of interest. A play on form, texture and trend, this Look Book forecasts with insight and curiosity in equal measure.

The Wiley 3-drawer sideboard's scallop detailing contrasts playfully against its traditional brass hardware & vintage brown finish.

A well-crafted wood frame. A timeless silhouette. Green velvet punctuates the balance of traditional and expressive, soft and inviting.

“This collection was born out of experimenting with piping - a detail you would normally only see on upholstery. I love bringing elements from other parts of the furniture world into something new. It brings unexpected concepts and ideas to life.”

A SMALL MOMENT. A BIG IMPRESSION

QO-1001-24 Avery Dining Chair Natural / VZ-1046-18 Nissa Decorative Vessel 14In White

The simplicity of the everyday. The Denman 4-door sideboard takes inspiration from parquet flooring – its dark finish and rectilinear form evocative and filled with interest. The smallest moments can make the biggest impact when a little means a lot. Each design choice is purposeful to make each presentation personal.

Connection is about being present. Mixing material and form brings into focus the culmination of the pieces within the spaces. It asks, "What brought us here and what makes us stay?"
