## Loft & Thought for Troy Lighting

Artist and vintage curator Carmen Nash's nuanced design perspective comes from her spirituality and rich heritage, rooted in experiences as a black southern artist. Weaving these experiences into visual narratives that evoke beauty, emotion, and thought is the premise of her design practice that defines her brand Loft & Thought.

The Folk & Flora Collection, an assortment of portables designed by Loft & Thought for Troy Lighting, is Carmen's artistic reimagining of her favorite folk art stories and belief that storytelling connects us to the objects we love.

"In my world of design, palm fronds become lampshades, and lighting is rendered through the visual retelling of my favorite passages from novelists such as Zora Neale Hurston and Toni Morrison...I hope that showing lighting through my lens evokes joy and thought."—Carmen Nash
